

Brainworks presents

Understanding and Resolving Cultural Barriers: Rehabilitation within Arabic Speaking Communities

Brainworks is pleased to be hosting our
3rd annual Breakfast Seminar on Tuesday, November 29, 2010
8:00 a.m. - 10:00 a.m.

Brainworks invites you to join us for another Power Breakfast to hear the latest from Psychological, Rehabilitation and Legal Professionals on current issues affecting the rehabilitation of clients of Arabic speaking communities. We will examine legal and rehabilitation barriers that this population confronts, and discuss how to achieve greater understanding and facilitate more successful rehabilitation outcomes for all concerned. Brainworks is committed to cultural sensitivity in rehabilitation service delivery. Although information provided during this seminar will hone in on the Arabic community, general principles and considerations will be transferable to other cultures.

Guest Speakers:

[Mr. Faisal Joseph](#), Partner, Plaintiff Personal Injury Litigation and Insurance Defence Litigation, Leners LLP

[Dr. Nidaa Khalil](#), Psychologist (Supervised Practice), Brainworks

[Mr. Abe Ibrahim](#), Rehabilitation Therapist / Registered Social Service Worker, Brainworks

Case Management: Serving the Needs of Clients

Assisting and empowering clients and their families to actively participate in their own treatment and recovery is vital. Now more than ever, clients need a liaison among medical and rehabilitation professionals, lawyers, insurers and employers to identify what services and resources are necessary to promote their highest level of well-being in the most effective and efficient ways. Assistance with navigating and understanding the health care and insurance systems is key to ensure that clients have information that they need to make some of the most important decisions of their lives.

**Do you suffer with sleep difficulties
due to brain injury, chronic pain, depression or anxiety?**

We can help!

Brainworks' [Sleep Tight ©](#) program helps improve the quality and duration of sleep, facilitating improved cognitive, behavioural, physical and psychosocial functioning. It is a concise treatment program, individually delivered by a regulated professional.

Now Online!! While this highly successful program continues to be available in person throughout much of Southwestern and Central Ontario, now, through cutting-edge, web-based technology, [Sleep Tight ©](#) is also available wherever there is high-speed Internet. Clients meet with their therapist online, from the comfort of their own homes, via a secure video-link.

Accessible ~ Affordable ~ Accountable ~ Achievable
