

the Brainworks Bulletin

June 2008

These days at Brainworks, the operative word is **NEW!!!**

Read on...

New Office

Well, not so new now as we celebrated our first year here on April 25. It took some time but we're all settled in. Come and visit us any time! 🌞

New Milestone

Brainworks will celebrate five years of service this August and we plan a celebration in the fall. Watch our website this summer for details about Brainworks' 5th Birthday Bash! 🌞

New Structure

The appointment of Dennis Radman as Manager, Rehabilitation Therapy and the creation of new team leader positions are yet two more indications of Brainworks' commitment to high quality service given by well-supported staff. Dennis will continue to be the main contact for rehabilitation therapy in the Essex-Kent area. 🌞

Brainworks News & Events

the Brainworks Bulletin

Moving Forward

New Program Behavioural Activation

This new program focuses on the benefits of activity and how to get people active again when, for whatever reason, they have stopped or curtailed their usual level of activity. Sarah Vernon-Scott and Arden McGregor will give a presentation on Behavioural Activation at the Toronto ABI Network conference in November 2008. Call our office to request a brochure about this exciting new program! ☀️

New Website

Brainworks launched its website two years ago. It is now undergoing extensive revisions and will contain biographies of all our staff, referral forms and brochures on all of our services that can be downloaded, as well as a photo gallery depicting our commitment to education and community participation. Check back often for new information as it occurs! ☀️

New Staff

To meet client needs, we have added several new staff in the last year:

Dr. Sarah Vernon-Scott, Psychologist, joined us last September. Call our office to obtain a copy of her biography.

Jordan Kerr (Aylmer) and Dan Radinovic (Brantford) are Therapy Support Workers. Gary Latham (Ilderton), Mark Murphy (Windsor), Jill Rutherford (Windsor), Chris Papastamos (London), Laura Younker (Aylmer) and Ashlynn Perry (Sarnia) are new Rehabilitation Therapists. Resumes available upon request. ☀️

New Territory

Executive Director Arden McGregor is heading up the establishment of Brainworks' third main location, Muskoka, with an office in Huntsville. This new venture is keeping her very busy as she also maintains responsibilities in Southwestern Ontario. Our new Muskoka location has office space, meeting rooms and future workshop space for client projects! ☀️
