

Brainworks  
provides  
& practical  
meaningful  
**rehabilitation**  
services.

# How to make a referral

Anyone can make a referral. Phone  
(519) 657-1180 (London) or  
(866) 394-6240 (toll free) and your  
call will be directed appropriately.

Or, visit [www.brainworksrehab.com](http://www.brainworksrehab.com), click  
on referrals and follow the instructions.  
Either way, your referral will receive  
immediate attention.

Brainworks has been providing Client-Centred  
Rehabilitation Solutions since 2003.

We facilitate  
**independence**  
while minimizing disability.

# Who we are

We are rehabilitation professionals with a proven track record, committed to excellence in rehabilitation service delivery. We have a long and varied list of professional affiliations, including four regulatory colleges and well over a dozen professional associations.

Although we have varied professional backgrounds, we have one thing in common: we take our commitment to our clients seriously.

We stay current with ongoing advances in rehabilitation science, the best clinical practices and legislation changes. We serve on various volunteer committees and boards and we sponsor dozens of community efforts. We are collegial and collaborative and work hard to achieve the best outcome possible on behalf of our clients.

# Where we work

Direct services are available throughout Southwestern Ontario and the Muskoka region, with consultation and education service capabilities throughout Ontario.

# What we do

## Our Services

Brainworks provides client-centred rehabilitation services to individuals and families living with the effects of brain injury, chronic pain, post-traumatic stress & other challenges. Key service areas include:

- Psychology
- Psychovocational Assessments
- Rehabilitation Therapy
- Rehabilitation Assistance
- Social Work
- Academic Support
- Case Management
- Vocational Services

## Our Programs

Brainworks offers innovative treatment programs to target difficulties such as chronic pain, depression and sleep disturbances. We also provide around the clock on-call telephone services.

<p>Sleep Intervention</p> 	<p>On-Call Services</p> 
<p>Pain Management</p> 	<p>Behavioural Activation</p> 

# When we work

Although most services occur during regular office hours, rehabilitation doesn't stop for the weekend. We provide services when our clients need us: evening, night, weekend and holiday services are often available.

# Why refer to us

All Brainworks' services are client-centred. We implement all of our services to the highest standards, with an entire team of professionals providing background support.
